

Element Coworker Guide

Setup in 4 steps

Welcome to the AI:AT coworking community!

Join Element for updates, coordination, support and your AI:AT network. 🚀

1

Install the right apps

Computer: Element Classic | Phone: Element X
Element works best as an app on your laptop and phone.

Download

2

Set up and use Element securely

Log in on your laptop first, then add and verify your phone.
Verify every device - otherwise messages may be blank or "Unable to decrypt".
Settings > Security & Privacy > Verify this device.
Use emoji verification (QR does not work) and enable notifications.
